

# Proposed Schools (Residential Outdoor Education) (Scotland) Bill

## Introduction

A proposal for a Bill to ensure that young people have the opportunity to experience residential outdoor education.

The consultation runs from 29 April 2022 to 22 July 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (\*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

[Privacy Notice](#)

I confirm that I have read and understood the Privacy Notice which explains how my personal data will be used.

On the previous page we asked you if you are UNDER 12 YEARS old, and you responded Yes to this question.

If this is the case, we will have to contact your parent or guardian for consent.

If you are under 12 years of age, please put your contact details into the textbox. This can be your email address or phone number. We will then contact you and your parents to receive consent.

Otherwise please confirm that you are or are not under 12 years old.

*No Response*

## About you

Please choose whether you are responding as an individual or on behalf of an organisation.  
Note: If you choose "individual" and consent to have the response published, it will appear under your own name. If you choose "on behalf of an organisation" and consent to have the response published, it will be published under the organisation's name.

on behalf of an organisation

Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)

*No Response*

Please select the category which best describes your organisation

Other (e.g. clubs, local groups, groups of individuals, etc.)

**Optional: You may wish to explain briefly what the organisation does, its experience and expertise in the subject-matter of the consultation, and how the view expressed in the response was arrived at (e.g. whether it is the view of particular office-holders or has been approved by the membership as a whole).**

Inverurie Community Campus Duke of Edinburgh DLC, We provide DofE places and support young pupils of the ICC campus to achieve bronze, silver and gold DofE awards.

Please choose one of the following:

I am content for this response to be published and attributed to me or my organisation

Please provide your Full Name or the name of your organisation. (Only give the name of your organisation if you are submitting a response on its behalf).

(Note: the name will not be published if you have asked for the response to be anonymous or "not for publication". Otherwise this is the name that will be published with your response).

Robbie Dair

Please provide details of a way in which we can contact you if there are queries regarding your response. Email is preferred but you can also provide a postal address or phone number.

We will not publish these details.

**Aim and approach - Note: All answers to the questions in this section may be published (unless your response is "not for publication").**

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

Fully supportive

**Please explain the reasons for your response.**

As a provider of outdoor education, I have seen first hand how this can open doors for individual young people to find out new aspects of themselves, enhancing skills and mental and physical wellbeing.

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Legislation paves the way for budgeting, and that's what this sector desperately needs, it has been founded on the goodwill of volunteers but they need backing going forward in difficult financial times.

Q3. The proposed Bill will cover residential outdoor education provision for local authority and grant-aided schools only. Which of the following best expresses your view that independent schools or any other education establishments should not be covered by this obligation.

Partially supportive

**Please give reasons for your response.**

Independent Schools tend to outsource their outdoor education component given the resources available to them.

Q4. The intention is that the obligation to ensure that residential outdoor education is provided would fall on those who are responsible for arranging the provision, e.g. education authorities and managers of grant-aided schools. Which of the following best expresses your view of this proposal?

Fully supportive

## Funding

Q5. Which of the following best expresses your view of how residential outdoor education experiences should be funded?

In full by local authorities (for local authority-run schools)

## Financial Implications

Q6. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

some reduction in costs

**Please explain the reasons for your answer, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.**

Currently we have to fundraise a license fee of £1200 each year in order to provide DofE at the school. If there was a legal requirement then school budgeting may alter to fulfil this.

## Standard/ Quality of provision

Q7. Which of the following best expresses your view on the proposal for a quality framework to ensure the quality of the education provision of outdoor centres?

Fully supportive

Q8. Which of the following best expresses your view that the age range of 12 – 16 is appropriate for participation in the residential outdoor education experience?

Fully supportive

## Equalities

Q9. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.

I don't believe so, if anything marginalised sectors may be more likely to participate.

Q10. How might equity of provision for all be ensured, regardless of socio-economic status? Please give reasons for your response.

Funding allocated via school Guidance department which have knowledge of whom would be most positively impacted.

## Sustainability

Q11. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? [If you do not have a view then skip to next question]

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

If pupils are given the opportunity to explore and experience the outdoors it is likely they are more motivated to protect it and enjoy responsibly.

## General

Q12. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

N/A
