

# Proposed Schools (Residential Outdoor Education) (Scotland) Bill

## Introduction

A proposal for a Bill to ensure that young people have the opportunity to experience residential outdoor education.

The consultation runs from 29 April 2022 to 22 July 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (\*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

## **Aim and approach - Note: All answers to the questions in this section may be published (unless your response is "not for publication").**

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

Fully supportive

**Please explain the reasons for your response.**

I got sponsored by Bell's whisky in the '80's to attend a 3 week Outward Bound course at Corpach. It had a huge influence on the rest of my life. I met one of my best friend through it plus have now travelled the

world taking part in mountaineering, trekking, sailing etc. I was introduced to all of these activities thanks to Outward Bound.

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

I'm not sure.

Q3. The proposed Bill will cover residential outdoor education provision for local authority and grant-aided schools only. Which of the following best expresses your view that independent schools or any other education establishments should not be covered by this obligation.

Fully supportive

**Please give reasons for your response.**

Having worked in a private school i see that the children already have enormous opportunity to take part in outdoor education. Also, I reckon funding will likely be an issue for this proposal so it should be directed towards children who wouldn't get the opportunity unless they were funded by the State.

Q4. The intention is that the obligation to ensure that residential outdoor education is provided would fall on those who are responsible for arranging the provision, e.g. education authorities and managers of grant-aided schools. Which of the following best expresses your view of this proposal?

Unsure

## Funding

Q5. Which of the following best expresses your view of how residential outdoor education experiences should be funded?

In full by the Scottish Government

**Please explain the reasons for your response. (If you consider Scottish Government funding should be provided to local authorities, please set out the mechanism for such funding, for example through block grant, ring fenced funding etc.)**

Ring-fenced funding by Scottish Government. I feel this is the only way to secure longterm funding with no backtracking.

## Financial Implications

Q6. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

some increase in costs

**Please explain the reasons for your answer, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.**

How about selling some corporate sponsorship to enhance the government funding. Bell's Whisky used to fund a boy and a girl from 6 th year in every school in Perthshire to attend the Outward Bound centre at Loch Eil.

I wonder if a food company would sponsor the meals at the centres and outdoor equipment companies donate gear etc.

## Standard/ Quality of provision

Q7. Which of the following best expresses your view on the proposal for a quality framework to ensure the quality of the education provision of outdoor centres?

Fully supportive

Q8. Which of the following best expresses your view that the age range of 12 – 16 is appropriate for participation in the residential outdoor education experience?

Partially opposed

**Please give reasons for your response, including whether you think other age ranges would be more appropriate.**

I think 12-14 is too young. I think it should be aimed at older pupils who will potentially get more out of it and may keep the activities going into adulthood, as i have. I think if I'd done the course at age 12 I may not have continued with the activities. I did it just before going on to Uni and then was able to find likeminded people there to go walking with.

We attended the course after finishing all our exams in June.

## Equalities

Q9. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.

*No Response*

Q10. How might equity of provision for all be ensured, regardless of socio-economic status? Please give reasons for your response.

Scottish Government funding that is ring-fenced to include transport to and from centres.  
I think a potential problem could be the buying of outdoor clothing and footwear to attend the course for those with less money. This works have to be considered as it will act as a barrier. Company/ Corporate sponsorship would be one avenue or having a store that you can borrow clothing ,as they do at Glenmore Lodge, would have to be considered.

## Sustainability

Q11. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? [If you do not have a view then skip to next question]

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

I think it could potentially impact positively on all of the above. Introducing a whole generation to the outdoors will hopefully give them a respect for the environment and this could be factored in to the learning over the week at the centre.  
The centres will provide jobs in rural areas.  
Speaking from my experience, I know that the course enhanced my confidence, has kept me healthy in that I participate in outdoor sports every week and gives me the opportunity to socialise with people from all walks of life as our hobby is what brings us together not our socio-economic status.

## General

Q12. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?
