

Proposed Schools (Residential Outdoor Education) (Scotland) Bill

Introduction

A proposal for a Bill to ensure that young people have the opportunity to experience residential outdoor education.

The consultation runs from 29 April 2022 to 22 July 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

[Privacy Notice](#)

I confirm that I have read and understood the Privacy Notice which explains how my personal data will be used.

On the previous page we asked you if you are UNDER 12 YEARS old, and you responded Yes to this question.

If this is the case, we will have to contact your parent or guardian for consent.

If you are under 12 years of age, please put your contact details into the textbox. This can be your email address or phone number. We will then contact you and your parents to receive consent.

Otherwise please confirm that you are or are not under 12 years old.

No Response

About you

Please choose whether you are responding as an individual or on behalf of an organisation.
Note: If you choose "individual" and consent to have the response published, it will appear under your own name. If you choose "on behalf of an organisation" and consent to have the response published, it will be published under the organisation's name.

an individual

Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".)

Professional with experience in a relevant subject

Optional: You may wish to explain briefly what expertise or experience you have that is relevant to the subject-matter of the consultation

Duke of Edinburgh's Award Expedition supervisor/assessor with 12 years experience of taking young people on adventurous residential activities

Please select the category which best describes your organisation

No Response

Please choose one of the following:

I am content for this response to be published and attributed to me or my organisation

Please provide your Full Name or the name of your organisation. (Only give the name of your organisation if you are submitting a response on its behalf).

(Note: the name will not be published if you have asked for the response to be anonymous or "not for publication". Otherwise this is the name that will be published with your response).

Kate Somervail

Please provide details of a way in which we can contact you if there are queries regarding your response. Email is preferred but you can also provide a postal address or phone number.

We will not publish these details.

Aim and approach - Note: All answers to the questions in this section may be published (unless your response is "not for publication").

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

Fully supportive

Please explain the reasons for your response.

Residential experiences are a key part of developing young people beyond the bounds of home and the classroom - building relationships, teamwork, problem solving, sense of achievement and community

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Legislation would ensure the benefit of a residential experience was available to all young people, and would remove real and perceived barriers - particularly those affecting young people with additional support needs, financial barriers, and those from other marginalised groups

Q3. The proposed Bill will cover residential outdoor education provision for local authority and grant-aided schools only. Which of the following best expresses your view that independent schools or any other education establishments should not be covered by this obligation.

Neutral (neither support nor oppose)

Please give reasons for your response.

I have no clear opinion on what difference this would make

Q4. The intention is that the obligation to ensure that residential outdoor education is provided would fall on those who are responsible for arranging the provision, e.g. education authorities and managers of grant-aided schools. Which of the following best expresses your view of this proposal?

Fully supportive

Please explain the reasons for your response.

Ensuring equity of opportunity to all young people over a whole Authority, with relevant policies and procedures in place

Funding

Q5. Which of the following best expresses your view of how residential outdoor education experiences should be funded?

In full by the Scottish Government

Please explain the reasons for your response. (If you consider Scottish Government funding should be provided to local authorities, please set out the mechanism for such funding, for example through block grant, ring fenced funding etc.)

Funded by Govt but delivered by LAs - asking LAs to fund would squeeze budgets in other areas which is not acceptable as funding is already reducing in real terms year on year. It would be unfair to ask for input

Q5. Which of the following best expresses your view of how residential outdoor education experiences should be funded?

from parents of young people facing barriers but who do not fit the criteria for financial support (additional support needs, for example) but struggle to get opportunities for their young people.

Financial Implications

Q6. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

no overall change in costs

Please explain the reasons for your answer, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.

This is not a question a member of the public can fairly answer.... Whilst I appreciate this bill would have an impact, you cannot put a price on what would be lost if young people were not given the opportunity of a residential experience - in their personal development, resilience, social ability, enjoyment and broadened life experience.

Standard/ Quality of provision

Q7. Which of the following best expresses your view on the proposal for a quality framework to ensure the quality of the education provision of outdoor centres?

Partially supportive

Please give reasons for your response, including whether this should be done by HMIE using a quality framework as part of their inspection of schools and the extent to which, if any, it should be statutory.

The quality framework would have to be broad enough to ensure all young people received a benefit from the experience - again, including those from marginalised groups

Q8. Which of the following best expresses your view that the age range of 12 – 16 is appropriate for participation in the residential outdoor education experience?

Neutral (neither support nor oppose)

Please give reasons for your response, including whether you think other age ranges would be more appropriate.

My personal view is that any child of any age should have access to residential experiences as they grow up

Equalities

Q9. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.

If the bill becomes law and the subsequent project is fully scoped to ensure equity of opportunity was built in from the start, it would have a positive impact on all the above mentioned groups as their situations would have been carefully considered before rolling the project out

Q10. How might equity of provision for all be ensured, regardless of socio-economic status? Please give reasons for your response.

By removing the barriers that exist - whether they are financial, or physical

Sustainability

Q11. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? [If you do not have a view then skip to next question]

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

Residential experiences can be used to support all the above situations

General

Q12. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

No Response
