# Proposed Schools (Residential Outdoor Education) (Scotland) Bill

#### Introduction

A proposal for a Bill to ensure that young people have the opportunity to experience residential outdoor education.

The consultation runs from 29 April 2022 to 22 July 2022

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (\*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

Consultation Document

**Privacy Notice** 

I confirm that I have read and understood the Privacy Notice which explains how my personal data will be used.

On the previous page we asked you if you are UNDER 12 YEARS old, and you responded Yes to this question.

If this is the case, we will have to contact your parent or guardian for consent.

If you are under 12 years of age, please put your contact details into the textbox. This can be your email address or phone number. We will then contact you and your parents to receive consent.

Otherwise please confirm that you are or are not under 12 years old.

No Response

## **About you**

Please choose whether you are responding as an individual or on behalf of an organisation. Note: If you choose "individual" and consent to have the response published, it will appear under your own name. If you choose "individual" and consent to have the response published, it will be published under the organisation's name.  an individual  Which of the following best describes you? (If you are a professional or academic, but not in a subject relevant to the consultation, please choose "Member of the public".) ## Aim and approach - Note: All answers to the questions in this section may be published (unless your response is "not for publication").

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

Fully supportive

Please explain the reasons for your response.

Outdoor education is critical for Scotland's future generations, to improve mental and physical health

Q1. Which of the following best expresses your view of the proposed Bill? (Please note that this question is compulsory.)

outcomes, increase awareness of sustainability and living in harmony with nature, and to improve teacher wellbeing.

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Yes I think legislation is required and would even suggest legislation to go further and include provision of daily/weekly outdoor education for all children in education from nursery through to secondary.

Q3. The proposed Bill will cover residential outdoor education provision for local authority and grant-aided schools only. Which of the following best expresses your view that independent schools or any other education establishments should not be covered by this obligation.

Fully supportive

#### Please give reasons for your response.

Independent schools can and most already do provide this

Q4. The intention is that the obligation to ensure that residential outdoor education is provided would fall on those who are responsible for arranging the provision, e.g. education authorities and managers of grant-aided schools. Which of the following best expresses your view of this proposal?

Partially supportive

#### Please explain the reasons for your response.

The Scottish Government MUST provide more residential centres across the whole country to ensure costs are kept low for schools and parents. Current provision is not evenly spread throughout the country and the responsibility to increase the available provision must fall to Scottish Government

## **Funding**

Q5. Which of the following best expresses your view of how residential outdoor education experiences should be funded?

In full by the Scottish Government

Please explain the reasons for your response. (If you consider Scottish Government funding should be provided to local authorities, please set out the mechanism for such funding, for example through block grant, ring fenced funding etc.)

Ring fenced funding that covers the full cost of the trip for every child in the authority, including transport costs, and extra costs for adequate number of teachers needed to accompany pupils on the trip.

#### **Financial Implications**

Q6. Any new law can have a financial impact which would affect individuals, businesses, the public sector, or others. What financial impact do you think this proposal could have if it became law?

no overall change in costs

Please explain the reasons for your answer, including who you would expect to feel the financial impact of the proposal, and if there are any ways you think the proposal could be delivered more cost-effectively.

If this is done correctly and fully funded by Scottish Government, there should be no increased costs.

## Standard/ Quality of provision

Q7. Which of the following best expresses your view on the proposal for a quality framework to ensure the quality of the education provision of outdoor centres?

Partially supportive

Please give reasons for your response, including whether this should be done by HMIE using a quality framework as part of their inspection of schools and the extent to which, if any, it should be statutory.

A new body should be established to set and assess standards for quality provision, made up of outdoor learning experts from a range of organisations such as Scouts Scotland, Natalie White (East Ayrshire) etc. It should not be Education Scotland or HMIE as the will impact negatively on the scope of provision as it will be too entrenched in the curriculum and not valued for the experiences available.

Q8. Which of the following best expresses your view that the age range of 12 - 16 is appropriate for participation in the residential outdoor education experience?

Partially supportive

Please give reasons for your response, including whether you think other age ranges would be more appropriate.

I think all primary 7 pupils should have the opportunity to attend a full week residential trip, as well as all s1-3 pupils, meaning two separate opportunities for all across p7-s3

## **Equalities**

Q9. Any new law can have an impact on different individuals in society, for example as a result of their age, disability, gender re-assignment, marriage and civil partnership status, pregnancy and maternity, race, religion or belief, sex or sexual orientation.

What impact could this proposal have on particular people if it became law? If you do not have a view skip to next question.

Please explain the reasons for your answer and if there are any ways you think the proposal could avoid negative impacts on particular people.

No Response

Q10. How might equity of provision for all be ensured, regardless of socio-economic status? Please give reasons for your response.

All trips fully funded by Scottish Government for all pupils with extra funding provided to allow schools/local authorities to purchase a range of equipment e.g. sleeping bags, waterproof clothing to be loaned out to those who cannot afford to purchase.

#### **Sustainability**

Q11. Any new law can impact on work to protect and enhance the environment, achieve a sustainable economy, and create a strong, healthy, and just society for future generations.

Do you think the proposal could impact in any of these areas? [If you do not have a view then skip to next question]

Please explain the reasons for your answer, including what you think the impact of the proposal could be, and if there are any ways you think the proposal could avoid negative impacts?

If framework for the education provided on these trips is created by genuine experts in the outdoor education field, then this could have an extremely positive impact as future generations will learn how to care for the environment and the importance of looking after our environment but only if this is properly funded and resourced

#### General

Q12. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

No Response
